

Drug Inventory

Drug Inventory – It is used to manage the inventory/storage of drugs available at the store. The user can sort the drugs by Drug Name, Batch Number, Unit of Measurement (Pack Size), Quantity in Hand and Expiry Date. The inventory also provides the facility to add the drugs into the Nikshay Aushadhi application.

Inventory management (IM) practices described in this section are developed for SDS, DDS and subordinate stocking points. The options for management of Inventory given in Nikshay-Aushadhi are also described in this section.

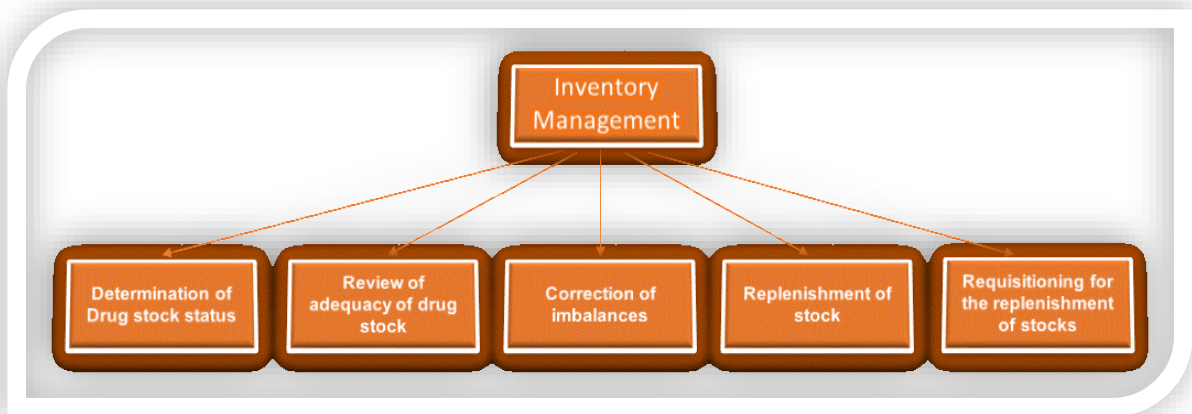

Inventory Management

IM refers to the activities to be carried out by the officer in-charge of the logistics function at the STO's Office including:

1. Determination of drug stock status at the SDS and DTCs/ subordinate stocking points
2. Review of adequacy of drug stocks at the above
3. Correction of imbalances through transfers
4. Replenishment of stock at DTCs to recommended levels
5. Requisitioning for the replenishment of SDS stocks.

The above elements of IM are discussed in the paragraphs that follow.

Fig - Inventory Management

Process Overview (Drug Inventory)

In Drug Inventory, user can add the drugs to the inventory of the store and manage the inventory.

Drug Name: Delamanid 50mg [PC63]

Selected Drug Name: Delamanid 50mg [PC63]

No. of Batch: 1 Go

*Batch	*Stock Qty.	*Rate	*Rate/Unit	*Unit	Mfg. Date	*Exp. Date
New Batch	ERP123	455	0.0000	Tab	01.05.2019	31.05.2021

*Mandatory Field(s)

Save Clear Back

6. Click on 'Save' button to add the drug.
7. System will generate alert 'Data has been successfully saved'.

Drug Inventory Desk provides the following information to the user:

1. **Drugs available at the store:** The information about the drug, its stock quantity with UOM and expiry is shown in the table.
2. **Near Expiry Drugs:** The system shows the near expiry drugs in 'Gray' color.
3. **Expired Stock:** Expired drugs shown in 'Pink' color.
4. **Incomplete boxes:** Boxes which are made incomplete are shown in 'Blue' color.

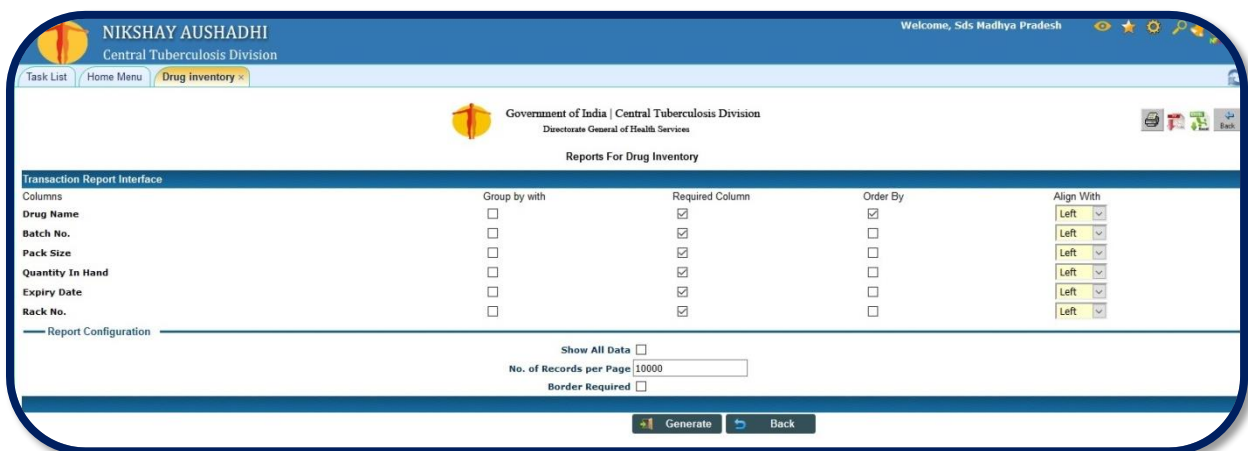

Report:

To generate the report of all the items present in the drug inventory, follow the steps below:

1. Click on 'Report' button.

2. Select the options such as Group by, Order by or Required Columns in report. User can arrange the report by drug name, batch no, pack size, quantity in hand or expiry wise.

The screenshot shows the 'Reports For Drug Inventory' interface. At the top, it says 'NIKSHAY AUSHADHI Central Tuberculosis Division' and 'Welcome, Sds Madhya Pradesh'. Below this is a navigation bar with 'Task List', 'Home Menu', and 'Drug Inventory'. The main content area is titled 'Government of India | Central Tuberculosis Division Directorate General of Health Services' and 'Reports For Drug Inventory'. It contains a 'Transaction Report Interface' table with columns for 'Columns', 'Group by with', 'Required Column', 'Order By', and 'Align With'. The 'Columns' column lists 'Drug Name', 'Batch No.', 'Pack Size', 'Quantity In Hand', 'Expiry Date', and 'Rack No.'. The 'Group by with' column has checkboxes for each. The 'Required Column' column has checkboxes for each. The 'Order By' column has checkboxes for each. The 'Align With' column has dropdown menus for each. Below the table, there are options for 'Show All Data', 'No. of Records per Page' (set to 10000), and 'Border Required'. At the bottom, there are 'Generate' and 'Back' buttons.

3. Click on 'Generate'.

- System will generate the report of all the drugs in the inventory. User can also print the report and save the report in excel/pdf formats.

Physical Stock Verification

Physical Stock Verification: This section of the manual deals with procedures to be followed for the physical verification and reconciliation of anti-TB drug stocks at the Drug Stores and with immediate next steps for dealing with discrepancies determined, if any. Also, records shall be carried out under the supervision of the concerned officer-in-charge at the State, DTC, TU & PHI drug stores.

Path: Services-> Stock Management -> Physical Stock Verification

The screenshot shows the 'Physical Stock Verification' interface of the NIKSHAY AUSHADHI system. The header includes the logo, 'NIKSHAY AUSHADHI Central Tuberculosis Division', and a welcome message for 'Sds Madhya Pradesh'. The main form area has a 'Store Name' dropdown set to 'Sds Madhya Pradesh' and a 'Go' button. Below this is a 'Last Verified Date' field and a 'Clear' button. A legend at the bottom left explains the status icons: a red dot for 'Mandatory Field(s) ,No Issue / Receive Process will be Activated till stock verification completed', a green dot for 'Modify', a yellow dot for 'Cancel', a blue dot for 'Stock Updation', a purple dot for 'View', and a pink dot for 'Activity not Allowed'. It also mentions 'Draft Request' and 'Tolerance Limit (-)Var Qty..Record Will show in Green Color'.

The 'Physical Stock Verification' process is a **two-step processes**.

1. In **First Step**, user can change the quantity of existing batch/drug or add a new batch/drug and click on 'Final Save' button.
2. Then in **Second Step**, click on 'Go' button again. Here user can view (V), modify (M), cancel (C) or final save/upload (S) the stock. To final upload the stock, click on 'S' and then click on 'Save' button. The voucher will be generated.

The concerned officer-in-charge shall review and sign-off the PSV after thorough verification, comprising the following steps:

- a. *Validate that all receipts & issues have been recorded in the Stock Register, based on first and last and/or discrete numbers of related documents confirmed by the suppliers.*
- b. *Verify that details of Batch numbers, Date of Manufacture and Date of Expiry of drugs are consistently recorded in the Stock Register at the time of receipt of each consignment. Also that the Stock Register indicates expiry details in respect of drugs available in inventory.*

The following features are given in Physical Stock Verification process:

- Increase or Decrease the quantity of existed drugs and batches
- Adding new drug or new batch
- Verification of stock with physical stock

FOR DEVELOPMENT OF ADVANCED COMPUTING Nikshay Aushadhi is working Monday, 24-Jun-20

Change the quantity of existing drugs: To change the quantity of a batch or drug which is already existed into the inventory, follow the steps below.

Steps to be follow:

1. Open 'Physical Stock Verification' form.
2. Click on 'GO' button.

3. In 'To be verified drug details' the system is showing already existing drugs and batches present in the inventory.

- Select the drug, with the batch number and enter the quantity into the 'Counted Qty' column, which is physically available at the store. The difference between previous and new entered quantity will be shown in 'Var Qty' (variation) column. To remove a batch or a drug, enter '0' into the 'Counted Qty' column.

New Batch Detail

Drug Name	Batch No.	Stock Status	Expiry Date	Counted Qty.	Rate/Unit	Remarks	#
-----------	-----------	--------------	-------------	--------------	-----------	---------	---

- Select multiple drugs/batches to update the current stock.
- Click on 'Final Save' button.

- If no further changes are required, follow the 'Second Step' of Physical Stock Verification to update the stock.

Adding new drugs and new batches: To add a new drug or a new batch into the inventory, follow the steps below.

Steps to be follow:

- Open 'Physical Stock Verification' form.
- Click on 'GO' button.

3. In 'New Batch Details' enter the details of the new batch or new drug to add.

4. Following details to be entered by user:

- a. Group Name
- b. Drug Name
- c. Batch Number
- d. Stock Status
- e. Mfg. Date and Expiry Date
- f. Counted Quantity
- g. Manufacturer Name

5. After entering the details, enter the 'Remarks' and click on 'Add' button.

6. System will show the drug in front, similarly more batches or drugs can be added by repeating the same process.

The screenshot shows a software interface titled "New Batch Detail". At the top, there is a table with the following data:

Drug Name	Batch No.	Stock Status	Expiry Date	Counted Qty.	Rate/Unit	Remarks	#
Clofazimine 200mg [PC41]	EHT123	Active	30-Jun-2021	450	00.0000Cap	ok	🟢

Below the table, there are four input fields arranged in two rows. The first row contains "*Group Name" with a dropdown menu showing "All" and "*Drug Name" with a dropdown menu showing "Select Value". The second row contains "*Batch No" with a text input field and "*Stock Status" with a dropdown menu showing "Select Value".

7. After adding all new drugs and batches, click on 'Final Save' button.

Save a request in Draft mode:

1. To save a request in 'draft mode', click on 'Draft' button.

2. A draft saved request can be Modified, Cancelled or Viewed. To final save the request, click on M and then click on 'Save' button. Then repeat the second step of verification to final upload the stock.
